TO: Graco Distributors Asia Pacific

As a part of Graco’s DIY Series sprayers, TrueCoat 360 delivers amazing results no matter if you’re a hobbyist, fixer-upper, or absolute beginner.

Our goal is that every customer has the best experience with TrueCoat 360 sprayers on their first use and every use thereafter to continue to build upon:

- High-level of customer satisfaction
- Maintain Graco’s reputation as a quality brand - the brand of choice
- Reduce product returns and technical calls

Therefore, Graco is pleased to announce the **NEW TrueCoat 360 TrueAirless Paint Sprayers**, easy-to-use sprayers for DIY home improvement projects such as doors, trim, furniture, interior walls and ceilings, decks and fences, and small houses.

TrueCoat 360 Single Speed TrueAirless Paint Sprayer

TrueCoat 360 Dual Speed Plus TrueAirless Paint Sprayer

TrueCoat 360 Variable Speed TrueAirless Paint Sprayer

Its newly designed pump and cleanshot optimise material flow, allow better control and improve reliability. New Inlet Filter & Funnel/Strainer Filling System delivers easier filling process with less mess. It utilises Graco low pressure tip technology to improve spray quality, reduce overspray, and increase tip offering for different coatings. Pour Spout, Pump Armor, Quick Guide, QR code videos are all included, for the ultimate goal - to make spraying easier, faster and better.
